Watkins Glen Area Chamber of Commerce
Introduces Chamber Ambassador

Watkins Glen, NY – The Watkins Glen Area Chamber of Commerce is excited to introduce Chamber Ambassador Matthew Sharpe of Cameron Manufacturing and Design.

Matthew Sharpe is a business professional with thirty years of comprehensive business experience in sales and marketing, operations management, training, and human resources. Over the last fifteen years, he has specialized specifically in human resources including, recruitment and retention, conflict resolution, change management, employee relations, training, compensation, and benefits. He has successfully become a strategic human resources partner with the ability to align business objectives with employees and management, as well as serving as a value-added consultant on human resources related issues. He moved to the Southern Tier area in 2011 and joined Cameron Manufacturing and Design as Director of Sales in 2013.

Of joining the Ambassador Program, Matthew shares, "A small town chamber of commerce can help both its small and large business members. The small businesses can leverage their partnerships with the large businesses to access help in all areas including sales and marketing, human resources, operational issues, and beyond. The larger businesses can provide access to staff and resources that help the smaller businesses grow. I am excited to be a part of this growing chamber and proud to volunteer my time as an Ambassador."

The Ambassador Program was introduced in January 2014. Ambassadors connect with different members to serve as an avenue of communication and information between the Chamber and its members, and vice versa. Among other things, the Ambassador Program ensures that the Chamber reaches out and touches each and every member in a calendar year, and it is integral in the continued growth of our membership and community.
