Watkins Glen Area Chamber of Commerce Introduces Chamber Ambassador

Watkins Glen, NY – The Watkins Glen Area Chamber of Commerce is excited to introduce Chamber Ambassador Ted Peet.

Ted Peet is the National Account Executive for Cameron Manufacturing & Design. Ted has transitioned seamlessly into the world of manufacturing after years in the construction industry. He is a United States Marine Corps Veteran and involved in a variety of ways with many different Veteran organizations, including being the Founder/Facilitator of Got Your Six Veterans Support Group. Ted's presence in the local manufacturing community was recognized as he was awarded the 2016 Rising Star Award from the Southern Tier Business Meet-Up.

Ted's duties at Cameron Manufacturing & Design include: identifying sales opportunities throughout a National client base, building and maintaining robust business relationships, acting as a liaison between internal teams and clients, and ensuring brand consistency and recognition. Being a bridge for communication between a client and Cameron Manufacturing & Design is something Ted takes great pride in, as he feels that providing a solution to one's problems is as an invaluable asset as there is.

Of joining the Ambassador Program, Ted shares, "I want to help businesses grow their business and gain a greater understanding of the needs of my clients or prospects in the process."

The Ambassador Program was introduced in January 2014. Ambassadors connect with different members to serve as an avenue of communication and information between the Chamber and its members, and vice versa. Among other things, the Ambassador Program ensures that the Chamber reaches out and touches each and every member in a calendar year, and it is integral in the continued growth of our membership and community.
