**How will upcoming Fair Labor Standards Act changes impact you?
Join us on November 15 and find out!**

Watkins Glen, NY – Changes to the Fair Labor Standards Act will go into effect December 1. Now is the time to learn about how the changes will affect you – whether you’re an employee or an employer. Matt Burr of Burr Consulting, LLC will be presenting a session to answer all of your questions on Tuesday, November 15.

Event: Understanding the Upcoming FLSA Overtime Regulations and How To Manage
Date: Tuesday, November 15, 2016
Time: 12:00pm – 2:00pm
Location: Watkins Glen Area Chamber of Commerce, 214 North Franklin Street, Watkins Glen

This session will highlight FLSA overtime changes rules and regulations, defining exempt and non-exempt employees, making the change, minimum wage changes, legislative challenges to the law, and the concept of a living wage. There will also be plenty of time for questions. The FLSA change has a tremendous impact on organizations as it relates to employee pay. Incorrect pay could result in fines and other penalties. Understanding these changes will help leaders and owners make proactive and timely decisions.

Human resources consultant Matt Burr will be presenting the seminar and he shares, “These changes have an impact on almost every organization. We need to ensure our workers are compensated accurately and legally. The law is complex, attending this training will provide you with information you need to make proactive and timely decisions.”

To RSVP for the seminar, please contact the Chamber at 607-535-4300. Space is limited, advance registration is appreciated. The seminar is free to attend. An optional lunch will be provided for \$5.
