JOIN US FOR A RIBBON CUTTING AT LAKE COUNTRY KENNELS

Watkins Glen, NY – Lake Country Kennels opened for business in December 2016 at 1811 Baker Hill Road, Watkins Glen. The Watkins Glen Area Chamber of Commerce invites you to a ribbon cutting on Friday, July 28 at 5:00 pm.

Lake Country Kennels is a small animal boarding facility located in a quaint country setting surrounded by a 22-acre farm. The brand new building boasts 20 indoor kennels each having its own indoor climate controlled run area. Adjacent to the building is additional outside fully contained kennel spaces where kennel guests can have supervised individual play time and socialization.

Owner Laurie VanWormer shares, "We are excited to welcome guests during the ribbon cutting! We are dedicated to what we do and are looking forward to sharing our space with the public. You'll notice that we refer to the animals we house as guests, and that's just the tip of the iceberg. Come and see what we're all about! Join us for the ribbon cutting, plus enjoy snacks and refreshments while you tour the facility."

Guests at Lake Country Kennels receive individual care including 5 daily visits to the outside kennel/play area, personalized feeding schedules and administration of needed medications. Laurie adds, "Our goal is for our guests to feel like they are on vacation, which often includes personalizing their needs. We provide Iams premium pet food and raised cot beds for your pet's comfort, however you are welcome to bring personalized bedding, toys, and your pets' favorite food, if desired."

For more information on Lake Country Kennels, visit their website: www.lakecountrykennel.com or find them on Facebook at Lake Country Kennels.

The ribbon cutting ceremony will include remarks by County Administrator Tim O'Hearn, Town of Dix County Legislator Carl Blowers, and Watkins Glen Area Chamber of Commerce President and CEO Rebekah Carroll. The event is free to attend and open to the public.
