March Think Tank: The Science of Success – Understanding Behaviors

Watkins Glen, NY – The Watkins Glen Area Chamber of Commerce will host its March Think Tank, “The Science of Success – Understanding Behaviors” on Tuesday, March 13 from 4pm to 6pm. The session will be led by Dan Schermerhorn, founder of Help Coach Me. The focus of this session will be to recognize, understand, and appreciate others’ behavior designs. Dan shares, “Have you ever wondered why people do what they do? If you are looking for a scientific method that leads to better relationships, more trust, and ultimately better influence then you need to be at this session.”

The Think Tank will begin with a presentation by Dan and there will be plenty of time left for questions. Since starting Help Coach Me, Inc. in January of 2011, Dan has had the opportunity to work with many clients, from small businesses to high-tech corporations. Dan approaches each coaching job with integrity, and his presentations have proven effective in improving accountability and team work among employees. His background includes a Bachelor’s degree in science with a concentration in business from SUNY Binghamton, and over fifteen years in corporate America as one of the top trainers for a national training conglomerate specializing in QuickBooks, Microsoft Office, sales, marketing, and business coaching.

Think Tanks are offered as a complimentary benefit to members of the Watkins Glen Area Chamber of Commerce. Advance reservations are requested by Monday, March 12. Please contact Events Manager Anna Rainous to RSVP: 607-535-4300 or anna@watkinsglenchamber.com.

The Watkins Glen Area Chamber of Commerce’s mission is to advance economic success through support, promotion, and education. In furtherance of this mission, the Chamber presents many educational opportunities throughout the year for local businesses and organizations, Think Tanks are just one of these opportunities. Think Tanks are held monthly on the second Tuesday, with times alternating between 4-6pm for odd months and 8-10am for even months.
