"The brochure exchange is a huge asset to our stables. It's one of the few places that we can make sure all of the local businesses can get our brochures without us having to mail them one envelope at a time. But it's not just for setting up a table and handing out your own brochures, it's for learning about various business and gathering up brochures from other businesses, to make sure we have the resources for our customers to have the best Finger Lakes experience possible." - Erika Eckstrom, Owner, Painted Bar Stables
