WATKINS CHAMBER HOSTS SEXUAL HARASSMENT TRAINING BY BURR CONSULTING

Watkins Glen, NY – The Watkins Glen Area Chamber of Commerce is hosting an informative seminar presented by Burr Consulting on Thursday, May 30 from 2:00-4:00pm. This seminar is open to all Chamber members, though space is limited, and potential attendees are strongly encouraged to register soon.

On October 1, 2018, New York State released final guidance on the state’s new sexual harassment prevention laws and regulations. The new legislation requires all employers in New York State publish policies concerning sexual harassment, adopt a sexual harassment complaint form, and conduct sexual harassment training. The state also recommends a posting as part of the policy and complaint procedure. All of these topics, and many more, will be reviewed in detail by Matthew Burr, HR Consultant at Burr Consulting, LLP.

Stated Matthew Burr, “This is not a complex training and can be completed in 2-hours, or less. The majority of my trainings last between 2 and 2.5 hours. Featuring great discussions in a small group setting, and including interactive case discussions, attendees will leave the seminar educated on all of the many complex aspects of this new legislation as it pertains to their businesses.” The fee to attend this important seminar is \$50.

Chamber Members with questions about this seminar, or who are interested in attending, should contact Matthew Burr of Burr Consulting LLC at 607-227-4386.
