**SMALL BUSINESS THINK TANK
WORKPLACE INJURY PREVENTION**

Watkins Glen, NY – Join Dr. Amanda Smith-Socaris, PT, DPT, OCS and owner of Seneca Physical Therapy, at the Watkins Glen Area Chamber of Commerce’s next Think Tank, scheduled for Tuesday, August 13th, where we’ll explore how to prevent workplace injuries for you and your employees. Discussions will include how to minimize the chance of worker injury, the employer requirements when an injury does occur, and managing injuries after the fact.

Dr. Smith-Socaris shares “As a Physical Therapist and Workplace Ergonomics Consultant, my goal is to help employers understand how to minimize workplace injuries, and maximize productivity.” Amanda’s presentation will be followed by a round table discussion, where attendees can ask questions and brainstorm ideas. This Think Tank will be hosted at the Chamber offices, Tuesday August 13 from 4-5pm. To register for this event, or if you have any questions, please email liz@watkinsglenchamber.com or call the Chamber at 607-535-4300.
