Welcome

Watkins Glen and Schuyler County can best be described as the place where Mother Nature meets Main Street. The Village of Watkins Glen in particular is home to some of the most scenic and iconic sights you could ask for, with Watkins Glen State Park on one end and Seneca Lake on the other. From vineyard-covered hillsides to peaceful hiking trails; from bustling shops to a world-renowned race track. Whether you are planning a relaxing vacation, seeking adrenaline pumping excitement, or something in between, you won’t find a better place to make memories than right here!

If you are looking for visitor information or some guidance on making the most of your stay, be sure to stop by one of our Visitor Centers. Our main Visitor Center is located at 214 N. Franklin Street in downtown Watkins Glen. We also welcome guests at our Satellite Visitor Center at the Main Entrance at Watkins Glen State Park. You may arrive as a stranger, but you will leave as a friend. We invite you to explore our beautiful slice of paradise. There is something special at every turn.

Come and see for yourself!

8 REASONS We Should Be On Your Bucket List!

1. It’s affordable! A trip to the Finger Lakes is among the most affordable getaways on the market. Your budget will go far here, so instead of worrying about making your money last, you can focus on making memories!

2. We’re easy to get to! We’re within a five hour drive of 25% of the U.S. population! We’re thirty minutes from Elmira Corning Regional Airport and an hour and fifteen minutes southeast of Greater Rochester International Airport. Whether you arrive by train, plane, or automobile, your vacation time will go further here because you won’t spend all your time getting here!

3. So many waterfalls! You’ll be hard-pressed to find more waterfalls in one vacation spot than we have here in Schuyler County. With 19 alone on the Gorge Trail at Watkins Glen State Park, you will want to have your camera ready during your visit! Outside of the state park, you’ll want to hit the roadside falls including Shequaga Falls, Hector Falls, and Aunt Sarah’s Falls—all easy to find and accessible. A little hiking gets you to Excelsior Glen, Eagle Cliff Falls in Havana Glen Park, Twin Falls in Sugar Hill State Forest, plus a number of other falls throughout the Finger Lakes National Forest.

4. Heart-pumping excitement! Whether you’re a huge race fan or new to the sport, you won’t find a better place to take it in than Watkins Glen International. Pros from NASCAR and IMSA take to the circuit during the season, but don’t let them have all the fun! You can get out there too as part of the Drive the Glen program. For just $25 you can enjoy three paced laps around the famed road course in your personal vehicle—including a stop at the start/finish for a photo!

5. Incredible scenery! From the mist and waterfalls of the Gorge Trail at Watkins Glen State Park to stunning vineyards overlooking Seneca Lake—there are views around every turn here in Watkins Glen and Schuyler County.
Family-friendly fun! If you’re bringing the family, there is no shortage of activities for every age. Head out on a beautiful schooner for a sail on Seneca Lake. Book a fishing excursion with an expert outfitter. Take everyone for a picnic and swimming at Clute Park. Get up close and personal with rescued farm animals at one of the largest farm sanctuaries in the country. Everyone in your family will find a new favorite thing here.

A haven for wine and food lovers! It’s no secret that the wines from Seneca Lake can stand alongside the best wines in the world. Our Rieslings are renowned, but it doesn’t stop with wine! Craft breweries and craft distilleries offer samples and sales in their tasting rooms as well, offering a chance to imbibe for every taste in your crowd.

An excuse to do nothing at all! With so many of us feeling frazzled by daily life—we could all use the chance to slow down and put our feet up. Cozy up in a local bed and breakfast, sip some wine around a campfire, dangle your toes off the dock, or relax in one of our parks—we have the perfect place for you to forget about the world for a while.

With so many reasons to visit the Finger Lakes region, it’s easy to see why we should be on your bucket list!
Our Villages

Watkins Glen and Schuyler County can best be described as the place where Mother Nature meets Main Street. Tourists have flocked to our beautiful area for many, many years. Watkins Glen State Park has been open to the public as an attraction since the mid-1800s, but it officially became Watkins Glen State Park in 1906. On October 6, 1948, the village became the host of the first post-World War II road race in the United States, forever cementing our small village’s place in race history. The Watkins Glen Sports Car Grand Prix, organized by local resident Cameron Argetsinger is heralded as the revival of American road racing. From the state park and racing, tourism continued to grow steadily. The Farm Winery Act was passed in 1976, opening the door for commercial wine production and the ability of wineries to sell their wines to the public. The first few wineries appeared on Seneca Lake shortly thereafter. In the decades since, the wine industry has been booming and there are now nearly 70 wineries on Seneca Lake alone.

The Village of Watkins Glen in particular is home to some of the most scenic and iconic sights you could ask for, with Watkins Glen State Park on one end and Seneca Lake on the other.

Quite likely the salt on your table came from the Watkins Glen wells

Watkins Glen is home to two salt operations—Cargill Salt located at the southern end of Seneca Lake and U.S. Salt located on Salt Point Road. Both refineries have wells and through the introduction of water into the wells, the salt is turned into brine and then processed into various products including granulated salt for food, water conditioning pellets, and agricultural salt. The first salt well drilled in the area was in 1882 to a depth of 1,513 feet (461 meters). Today’s operations mine salt from wells that are between 1,750 and 2,600 feet (533 and 792 meters) in depth. There are no tours offered at either plant.
BURDETT Home to the Finger Lakes National Forest, the only national forest in New York State and one of only three in the northeast! Covering over 16,000 acres this beautifully diverse outdoor haven offers hiking, biking, cross-country skiing, snowshoeing, horseback riding, and more.

HECTOR Located just a few miles north of the Village of Watkins Glen, Hector’s most notable feature is the iconic Hector Falls. This roadside waterfall attracts many a passing motorist. Be sure to put it on your list of stops!

MONTOUR FALLS Listed on the National Historic Register in 1978, the Village of Montour Falls features a beautiful mix of architectural styles, quaint shops and restaurants, and even its own waterfall! Where West Main Street meets Genesee Street, the town’s Glorious T is the crowning jewel of its history. Places of particular interest include the Montour Falls Library, the domed Montour Falls City Hall, and Shequaga Falls.

The Glorious T Historic District represents a diverse collection of historical architecture and sites. The “T” references the intersection at the heart of this district. The Montour Falls Library even boasts Tiffany windows—a sight to see!

ODESSA Odessa plays host to the Finger Lakes Cheese Festival each July. This family-friendly event includes a host of activities: hayrides, wine and beer tasting, arts and crafts vendors, a petting zoo, live music, and of course, plenty of cheese sampling!

Whether you are planning a relaxing vacation, seeking adrenaline pumping excitement, or something in between, you won’t find a better place to make memories than right here!
Lodging

From romantic getaways to family-friendly excursions, there are a variety of options for an affordable vacation on any budget.

Take in the view of Seneca Lake from a luxurious award-winning hotel, tuck in at a cozy bed and breakfast, kick your feet up at a carefree country inn, unwind at a secluded campsite, cabin, or “glamping” spot, or bring the family and rent your own lakefront vacation home on any of our Finger Lakes.

Our lodgers are highly rated and offer unique and varied experiences. So whether you are looking for a romantic couples’ trip, a fun-filled outdoor adventure, a girls’ weekend, or a family-focused visit, you will find just the right fit.

Traveling with your pet? We have a number of accommodations who are pet-friendly! In the event you’d like to enjoy a little time without Fido in tow, be sure to check in with one of our reputable and caring kennels or dog walkers—they’ll take great care of your furry family member!

When it comes to lodging, we have a wide variety of options and styles, and you can choose the right fit for you, your traveling companions, and your budget.

Dining

We pack a powerful punch when it comes to flavor and great restaurants in the area, and we prove this meal after meal! There is a saying in the culinary world, “What grows together, goes together.” Local chefs utilize local ingredients whenever possible to craft the freshest and most delicious dishes. So, when you dine in our restaurants and cafés, you are experiencing more than just our food. You are experiencing the tradition of our family farms, the dedication of our local chefs, and the passion of our communities.

The farm-to-table movement is huge in the Finger Lakes, and Schuyler County is no exception. Our local farmers produce everything from standard produce such as lettuce and tomatoes to more exotic items such as bok choi and woodland mushrooms. You can find these items yourself at farm stands and farmers markets throughout the region, where you can pick them up and craft your very own fresh, local meal. Or look for them on menus at our local eateries.

From casual to upscale, and everything in between, you will find a comfortable atmosphere and delicious food that will hit the spot.

Wine, Beer, Cider, and Spirits

Wine and Craft Beer

The Finger Lakes has an international reputation when it comes to wine. The hills surrounding Seneca Lake are dotted with dozens of wineries. In fact, Seneca Lake is more heavily populated with wineries than any other lake in the state—nearly 70... and counting! The diversity of offerings and experiences at each winery vary as widely as your personal taste, so we're sure you'll find the perfect wine for you! Over 30 wineries have come together over the years to form the Seneca Lake Wine Trail, which plays host to unique and fun year-round events.

The Finger Lakes Beer Trail also winds its way through Schuyler County and the Finger Lakes. Craft beer enthusiasts can try hand-crafted pale ale, amber lager, or any number of specialty offerings at one of the many microbreweries in the region.

Best of all, Schuyler County is ideally located at the base of Seneca Lake, which makes for easy access to not only Seneca Lake, but also Keuka Lake to the west and Cayuga Lake to the east, both of which have wineries, distilleries, and craft breweries to explore!

Spirits and Cider

Schuyler County is also home to the region's first standalone distillery (Finger Lakes Distilling, opened in 2009) and recently, hard cider production has also taken off. From whiskey to bourbon, grappa to gin; sweet cider, dry cider, or something in the middle—the diversity of our offerings speaks for itself. Tasting your way through the Finger Lakes has never been more delicious!

Transportation

With so many wineries, breweries, craft spirits, and hard ciders available to sample and savor, be sure to taste responsibly! Hire one of our local transportation companies to take you from tasting room to tasting room. If you’re looking for a full-service experience, we have wine and craft beverage experts who are ready and waiting to plan your perfect day!

Watkins Glen State Park

Watkins Glen State Park is one of the top attractions in New York State. Considered a flagship park by the State of New York, this incredible destination has been leaving visitors spellbound for generations. The Gorge Trail features 19 waterfalls in less than 2 miles. The gorge path winds over and under waterfalls and through the cascading spray of caverns. The Gorge Trail is open seasonally—usually from mid-May through the end of October. The Rim Trail overlooks the gorge and is open year round. Dogs are allowed on the Rim Trail. There is also tent and trailer camping, a playground, Olympic-size swimming pool, and picnic facilities. Be sure to visit the Watkins Glen Area Chamber of Commerce’s new Visitor Center at Watkins Glen State Park—stop by and say hello!

Finger Lakes National Forest

The only national forest in New York State and one of only three in the northeast, this diverse wilderness area offers over 16,000 acres to explore. With miles of interconnecting trails, hiking experiences vary widely including gorges, ravines, pastures, and woodlands. Roads are maintained and drivable in the summer and a few are even open in the winter. There are five acres of maintained blueberry bushes which are available for picking when the time is right. Of course the opportunities for hiking, cross-country skiing, snowmobiling, horseback riding, and snowmobiling are endless, as are birding and wildlife watching.

Start your visit at the Hector Ranger Station (5218 NY 414, Hector, NY 14841) for maps and helpful information.

WatkinsGlenChamber.com
Sugar Hill State Forest

Just a short drive west of the Village of Watkins Glen, Sugar Hill State Forest boasts over 9,000 acres for camping (RV, tent, and a few lean-tos), hiking, picnicking, pavilions, horseback riding, hunting, and trapping. There is also fishing at Spencer Pond, snowmobiling, cross-country skiing, and birding. Plus, the incredible, 15-mile views from the 75-foot Fire Tower. This tower was erected in 1941 by the Civilian Conservation Corps. It is one of the last fire towers in New York that is readily accessible to the public. It is listed on the National Historic Lookout Register.

Finger Lakes Trail

A footpath for hikers which stretches 560 miles from the PA/NY border in Allegany State Park to the Catskill Forest Preserve. 48 miles wind through Schuyler County, traversing Sugar Hill State Forest, Watkins Glen State Park, Finger Lakes National Forest, Texas Hollow Wildlife Management Area, and the Connecticut Hill Wildlife Management Area, among others. Not looking for quite so long a hike? The Queen Catharine Marsh Trail portion of the Finger Lakes Trail offers a 9-mile loop, starting at the entrance to Watkins Glen State Park.

Catharine Valley Trail

Experience the glacially carved valley south of Seneca Lake on this year-round, pedestrian friendly, easy path. It offers walking, bicycling, cross-country skiing, and snowshoeing. This easy-going trail is accessible at various points throughout Schuyler County.
There are dozens of waterfalls within a stone’s throw of one another! Of course, Watkins Glen State Park is home to 19, but beyond the park, there are many others to seek out and explore. To provide some inspiration, here is a Waterfall Bucket List! Addresses have been provided where they exist, or we’ve provided GPS coordinates for those that do not have a formal street address.

**Aunt Sarah’s Falls**
There are several roadside waterfalls that are easily accessible. This is one of them, however, it is easy to miss, depending upon the water flow. There is literally no hiking required, just park in the parking area and (using caution—this is a busy highway) cross Route 14 to get up close.

Directions from Watkins Glen: Follow Route 14 South toward the Village of Montour Falls. You’ll see Aunt Sarah’s Falls on the right hand side, just before rounding a bend in the road. The parking area is directly across the road. This waterfall is heavily weather-dependent. It is best to visit in spring or after a rainstorm. At other times, the water flow might be very little or even nonexistent.

**Address:** No formal address.
**GPS coordinates:** N 42.41801 / W 76.86677

**Deckertown Falls**
Visible from just beyond the parking area, this waterfall is located on the outskirts of the Village of Montour Falls. What you can see from the path is three chute-like cascades, a total of more than 50 feet high. These falls are very easy to find and see!

**Address:** 117 East Catlin Street
Montour Falls, NY 14865

**Eagle Cliff Falls**
Located in Havana Glen Park in the Village of Montour Falls, Eagle Cliff Falls has a moderate, consistent flow, visible after a short and easy walk from the parking area. You’ll enjoy a number of smaller, cascading falls along the path, too! There is a $2 vehicle entrance fee to this municipal park.

**Address:** 135 Havana Glen Road
Montour Falls, NY 14865

**Excelsior Glen**
This particular waterfall is somewhat hidden in plain sight. The trailhead is located right alongside Route 414, just as it bends around the south end of Seneca Lake. There is a small parking area and it’s easy to miss, so be sure to keep your eyes open! Excelsior Glen is actually home to 5 waterfalls, all relatively narrow cascades. This is a completely undeveloped glen, so please use caution. The first waterfall is located a short distance from the road, but the rest will require creek walking over slippery rocks and uneven surfaces.

**Address:** No formal address.
**GPS coordinates:** N 42.39112 / W 76.85559

**Hector Falls**
A very easily accessible waterfall, located directly along Route 414 on the east side of Seneca Lake, a short drive from downtown Watkins Glen. This large, broad waterfall is actually composed of several drops. Use caution, as you’ll be pulling onto the shoulder of a busy, 55 mile per hour highway. Use your turning signals, pull as far onto the shoulder as possible, and use caution when exiting your vehicle. The beauty and location of this waterfall make it a wonderful roadside stop.

**Address:** No formal address.
**GPS coordinates:** N 42.41801 / W 76.86677

**Shequaga Falls**
Another very easily accessible waterfall, Shequaga Falls is located in the heart of the Village of Montour Falls, amidst historic homes and a quaint park. There is parking for a couple of cars right next to the park, but you may also park along Main Street and take the short (and beautiful) walk to the waterfall.

**Address:** No formal address.
**GPS coordinates:** N 42.34453 / W 76.85136

**Twin Falls**
Located in Sugar Hill State Forest, why not visit this waterfall and take advantage of the great hiking nearby? Twin Falls is among the smallest waterfalls in the area, but it is easy to get to. It’s somewhat off-the-beaten-path location makes it a tranquil spot. The water flowing over this waterfall is actually Glen Creek, the very same waterway that makes its way to and through Watkins Glen State Park.

**Address:** No formal address.
**GPS coordinates:** N 42.36880 / W 76.958697

“Picture the cool mist spraying from the waterfalls, the screech of a car racing around a bend and the smooth bite of Dry Riesling on your palate; this is Watkins Glen!”

—Anna Hammerschmidt, Come Join My Journey
What is agritourism? In short, it is the place where agriculture and tourism meet! It could be plucking an apple from a u-pick orchard, touring a creamery where you can meet cows then taste the cheese made from their milk, or horseback riding amongst beautiful forests and rolling pastures. If you are looking to explore the outdoors, enjoy the country air, and stretch your legs, we have an experience to fit your interest! Visit our website www.watkinsglenchamber.com for tours that provide an inside look at our farms!
Creameries
Our local creameries boast unique, artisan cheeses. From aged cheddars to mozzarella, and seemingly everything in between, sampling Finger Lakes cheeses is one fine way to get through a day! The Finger Lakes Cheese Festival is held at Sunset View Creamery each July. It welcomes creameries from across New York State but also boasts a farmer’s market atmosphere, the opportunity to meet farm animals, tour a working dairy farm and creamery, plus sample and purchase local products.

Orchards and U-pick Opportunities
Here in Watkins Glen and Schuyler County, we are lucky to be surrounded by rich, fertile farmland. Our local farmers open their doors and welcome you to experience the beauty and bounty of the Finger Lakes! Pluck an apple from a tree at a u-pick orchard, pick the perfect pumpkin from a local patch, or even tour a woodland mushroom farm. You will love experiencing the tradition of our family farms and the passion of our communities.

Horseback Riding
If you’d rather take in the sights from atop a horse, we have just the place for you! Painted Bar Stables in Burdett offers unique horseback riding experiences. They will pair you with the proper horse based upon your experience level and their talented staff will ensure a fun and enjoyable ride.

Farm Sanctuary
Nestled in the rolling hills west of Watkins Glen, Farm Sanctuary is home to more than 500 rescued farm animals. Take a guided tour, browse their gift shop, learn more about farm animals and the vegan lifestyle in the Visitor Center, or enjoy a snack on their scenic deck. You can even stay right at the Sanctuary, in their cabins or tiny houses. Farm Sanctuary is open May through October.
Fishing and Hunting

Fishing and hunting are longtime traditions and a great way to experience the outdoors. Our lakes, streams, and forests promise to provide the perfect backdrop for creating memories and passing down lore that will last for generations to come.

Hunting is allowed during certain times in the Finger Lakes National Forest, Sugar Hill State Forest, and other wilderness areas.

If you’re looking to fish, there are a number of options available! You can fish at Clute Park, Catharine Creek, or on Seneca, Waneta, Lamoka, or Cayuta Lakes. Charters are available, and we have a number of local experts who will make your excursion loads of fun! If you’d like to stay on dry land or perhaps you’re lacking a fishing license but still want to cast a line, check out Finger Lakes Preserve. This rainbow trout fishing preserve offers a secluded but accessible location, with fishing equipment available—no fishing license required.

If you’re interested in hunting or fishing, you should research the required licenses and permits on the New York State Department of Environmental Conservation (DEC) website: www.dec.ny.gov. All first-time hunters must complete at least one course in education and safety before they can obtain a license. Those details are available on the DEC website.

For more information, visit www.dec.ny.gov/outdoor/fishing.html
### Camping

#### Campgrounds

There are a number of campgrounds available throughout Watkins Glen and Schuyler County, including Cool-Lea Camp, Clute Memorial Park, Smith Park, the Watkins Corning KOA Resort, and Watkins Glen State Park. These facilities offer a wide array of amenities that vary from park to park, but some include swimming (pool and lake) camp stores, zip lining, bumper boats, arcades/game rooms, showers, dump stations, and more. Contact each individual campground for additional information.

#### Rustic Camping

More rustic camping (mostly tent) is available off trail at the Finger Lakes National Forest and Sugar Hill State Forest. You’ll find few people and essentially your pick of site at either of these outdoor havens, so if you’re willing to forego the “creature comforts” you’re in for a real treat! In some instances, permits and fees are required, so be sure to check in with the respective offices for complete details. There are also group camping options, making Watkins Glen and Schuyler County a great getaway for your next team building, scout, or 4-H trip.

#### Glamping

If camping isn’t quite your thing, but you wouldn’t mind it with a bit of a luxurious twist, you should try glamping! That’s right—glamorous camping = glamping. At Seneca Sol you’ll find safari tents on raised wooden platforms, set in a beautiful, wooded setting. Inside each tent, you’ll find essentially everything you’d expect from a standard hotel room including king or queen beds, comfortable furniture, rugs, rechargeable lanterns (with USB plugs to recharge your phone), and even a writing desk. Their modern bathhouse features private showers and toilets, plus fresh towels and toiletries. The property also boasts a lounge tent—where guests can gather, unwind, and enjoy one another’s company.

Art and Culture

Schuyler County and the surrounding area are rich in arts and culture. Take a tour through an historic museum or historical society. Arrange a tour of a one room school house. Attend an art opening. Listen to live music on a lakefront deck. Take in works by local as well as nationally renowned artists at one of several art galleries. Watch artists blow glass or spin fiber, right before your eyes.

The Franklin Street Art Gallery and Gift Shop in downtown Watkins Glen features more than 50 local artists. They host themed exhibits and open receptions. You can take even take a class!

The Brick Tavern Museum of the Schuyler County Historical Society offers a great opportunity to explore local, regional, and New York State history. With rotating exhibits and a unique gift shop, all housed in one of the most historic buildings in the area, you will feel as if you’ve stepped back in time when you walk through their doors.

The Glorious “T” Historic District in the Village of Montour Falls represents a diverse collection of historic architecture and sites. The “T” references the intersection at the heart of this district, Genesee and Main Streets. The Montour Falls Library even boasts Tiffany windows—truly a sight to see.

If you are looking to go a little further, the Points of Inspiration Driving Trails offer self-guided opportunities to explore Schuyler County and beyond. Take in the incredible history and scenery that we are so lucky to have here in the Finger Lakes. Scenic Views (marked by orange flags) and Architecture (marked by blue flags) are two driving trails to explore. For more information, visit: www.pointsofinspiration.net.

Beyond Watkins Glen and Schuyler County, you’ll find a number of other museums, galleries, and points of interest, too!

Racing

Watkins Glen will forever have a place in racing history. On October 2, 1948, the first post-World War II road race in America was hosted right on our village streets. The 6.6-mile circuit ran through the village streets, starting and ending in front of the Schuyler County Courthouse. This tradition continues annually with the Grand Prix Festival, when classic racecars take to the streets in Watkins Glen. This downtown street festival features a number of events including a Walk of Fame ceremony, car shows, the Watkins Glen Grand Prix Tribute (a reenactment of the original road races), and much more!

You can drive the original 6.6-mile Grand Prix course (it’s all on public roads!) in your own vehicle any time. Just stop by the Schuyler County Visitor Center (214 N. Franklin Street, Watkins Glen, NY 14891) to pick up a map and head on your way!

Today, Watkins Glen International is one of the premier road racing facilities in the world. Located just 4 miles from downtown Watkins Glen, fans can experience NASCAR, IMSA, and US Vintage Grand Prix Racing, among other exciting events and festivals throughout the season. Visitors can even drive their own vehicle around the race circuit thanks to the Drive the Glen program.

For the story behind the speed, be sure to stop by the International Motor Racing Research Center in downtown Watkins Glen. It provides 5,000 square feet of racing history to explore. This includes a reading room, film room, exhibits, and worldwide racing archives. Even if you’re not “into” race history or racing, we strongly encourage you to swing by this incredible facility. Their short video is fascinating and visitors of all ages enjoy seeing the vintage car on display (which changes periodically).

Shopping

Unwind with a little retail therapy! Our unique boutiques, great gift shops, quaint antique shops, and even a brand name outlet offer plenty of opportunities to shop ‘til you drop, all while supporting wonderful local businesses.

Downtown Watkins Glen offers a completely walkable village, with the lakefront on one end and Watkins Glen State Park at the other. Buttressed by two beautiful destinations, the in-between features a great diversity of shops. Friendly store owners and knowledgeable staff are here to serve you! As you walk, keep an eye out for our famous public murals, painted by Robert Gillespie, in honor of the racing history of our village.

The Village of Montour Falls is lined with stunning architecture. With a number of properties on the National Historic Register, the best place to begin your visit is the “Glorious T”, the historic district featuring over 20 buildings ranging in architectural styles. Along idyllic Main Street you’ll find a pharmacy/gift shop, a coffeehouse and pastry shop, a public library, a flower and gift shop, and more!

But that’s not all! Remember that Schuyler County is in the center of it all—with many other cities, towns, and villages of interest within a 30-minute drive! The bonus of course is that the drive will be scenic—from rolling hills to vineyards to lake views. No matter where you venture from here, your drive will be chock full of photo opportunities!
